Testimonials—Readings

Hi Maria, I wanted to thank you from the bottom of my heart for today's session. I feel motivated and hopeful. You'd be happy to know I came home and threw out everything of my ex and mines. That was rejuvenating in itself. Thanks again! You're a wonderful person and I feel fortunate to have met you. I am so looking forward to becoming happy and motivated again and spending much more precious, valuable time with my daughter and being able to recognize guidance from the angels and fairies around her and I!! Blessing Always,
D. P. - Coquitlam, B.C.

I went to see Maria with a number of questions about my life; career, love, and family. She was extremely intuitive with my concerns, and strove to answer and offer guidance all the while being genuine, and truly caring with her responses. Her insights led me to immediately make several decisions with confidence, that have led to a much happier outcome, and I'm very thankful.

In the five years that we had been facilitating our Psychic/Wellness fairs, we've received nothing but praise, positive comments and feedback about Maria Jensen's work. We would recommend her and her positive, uplifting approach to anyone who wants a successful event.

Testimonials—Workshops

Hi Maria, I really enjoyed the angel meditation. I am still amazed at how quickly and effectively you were able to take us "there". The warmth and love in that room was almost overwhelming. Great job!! I enjoyed meeting you as well. You are such a fine individual, it just felt good to be around you. I would be interested in attending any other class you might teach in the future.

The information I received has helped me to open my horizons when working with angels. I use the information in my volunteer work I do and in my daily life. The exercises we did during the workshop were very helpful and I often refer back to them. Maria is very knowledgeable and loves to share her own experiences with angels.

Maria, Thank you so much for everything yesterday - I so enjoyed the workshop and it really helped take away my fears. I was so excited when I got home and really felt so much more free and calm. Thanks again.

Dear Maria, I want to thank you so very much for the wonderful workshop this afternoon. I had such an incredible time learning more about communication with our angels, and the tools you gave me to tap into my intuition, and to most importantly, learning to trust the messages I receive through my intuition, no matter if the messages are from oracle cards, dreams, symbols, synchronicities, or daily occurrences such as numbers, etc. You gave me inspiration and more confidence to trust "my feelings". I went home and said to my husband, "I feel so refreshed and grounded, and I wish I could feel this way every day of my life". You are divine guidance, sent to me, to re-affirm what I have always believed. I knew that this workshop was something I needed to do (inner knowing when I saw it on the website and registered). Thank you so much, and I so very much want to meet with you again for a reading, and another workshop.

The Angel Awareness workshop you gave was really wonderful for me. It was just what I needed and for the first time, I actually felt like I fit in somewhere. I have since received lots of signs from my angels and I also wanted to let you know I had an absolutely fantastic angel connection recently. I feel I'm on the right path and know my angels are with me.

Maria - I just wanted to let you know how much I took away from your unique workshop. It was just the opportunity I was searching for. You are an amazing guide and facilitator and I felt so safe in the supportive environment you created, as did everyone else. There are many times that I have called upon my guardian angel and sensed her presence right beside me. My life has improved immensely just knowing I have my own personal protector always watching over me. Thank you so much for sharing your incredible gift with others.

A few years back I took Maria's Angel workshop and thoroughly enjoyed it. I recently went again for a refresher and once again, felt it was a valuable experience. Because of the interaction and stories with other people in the class, each time is different. I especially enjoyed the mini readings and finding out which angel is 'currently' watching over me.
